INTRODUCTORY NOTE.

AN attempt is made in this Catalogue to embody items of information upon these several points :

1st. The names of all persons who have ever had any connection with Centre College from its origin, either as Trustees, Presidents, or Professors, with their several terms of service.

2d. The names of all persons, alumni or others, upon whom any honorary degree has been conferred by the Board.

3d. The residences of all persons whose names are mentioned in the Catalogue.

4th. The occupations, past or present, of the alumni of the Institution, with the degrees, titles, and offices attained, now or heretofore, by them.

5th. Alumni deceased.

In the very nature of an effort of the kind, embodying information so difficult in many cases to be obtained, there must be errors and imperfections. These we desire to correct in future editions. All persons who may notice mistakes of any kind, or possess information necessary for future editions, are earnestly requested to communicate such matters to some member of the Faculty.

Some omissions we have no means of supplying ; we find, for example, that the degree of A. M. was conferred, in course, upon several young gentlemen, but a blank in the place of the names is found in the minutes of the Board.

HISTORY OF THE COLLEGE.

CENTRE COLLEGE was chartered by the Legislature of Kentucky, in 1819. JEREMIAH CHAMBERLAIN, D. D., the first President, went into office in 1823. In 1824, the Board of Trustees, according to an arrangement with the Presbyterian Synod of Kentucky, procured an Act of the Legislature modifying its charter, so as to secure to the Synod, on its payment of \$20,000 to the funds of the Institution, the right of appointing the Board of Trustees. This condition having, in 1830, been completely fulfilled on the part of the Synod, all the members of the Board have, since that period, been appointed by the Synod, as their terms of office, from time to time, have expired. One-third of the Board are appointed each year.

Dr. CHAMBERLAIN resigned his office in 1826, and the Rev. GIDEON BLACKBURN, D. D., succeeded him in 1827, the office having, in the mean time, been temporarily filled by the Rev. DAVID C. PROCTOR. On the resignation of Dr. BLACKBURN, in 1830, JOHN C. YOUNG, D. D., was elected. Dr. YOUNG died in office June 23d, 1857, and on the 6th of August following, Rev. L. W. GREEN, D. D., was elected his successor, and entered upon his duties January 1st, 1858.

The number of students varied, in the earlier period of the existence of the Institution, from fifty to one hundred and ten, and a very large proportion of those in attendance were pursuing only a partial and irregular course. In 1830, the number of students had been reduced to thirty-three, of all classes, including those in the Grammar School, as well as those in the College proper. Since that period, the number has been, with slight temporary variations, steadily but slowly increasing, until exclusive of the Grammar School it has ranged, during the last few years, from one hundred and fifty to one hundred and eighty-seven. The number of those pursuing a full course, has increased in a much greater ratio. The graduating classes, formerly very small, have been steadily enlarging. The graduates of the first twelve years amounted to fifty-five. The number was increased at the close of the last session to five hundred and seventy-two. Upwards of two thousand have been connected with the Institution, nearly all of whom have received all their higher education from its instructions.

THE FUNDS.

The original amount paid by the Synod to obtain the right of appointing the Board, was entirely consumed in the buildings, apparatus, library, and current expenses, and in 1830 the College was wholly destitute of means. Since that period, funds have been contributed by the liberality of various individuals, which, as invested by the Board in stocks of various kinds, and notes, form an endowment equivalent to about ninety-five thousand dollars. The funds are annually increasing from legacies, donations, and scholarships. The Synod at its meeting in Lebanon, 1858, authorized the Board of Trustees to make application to the Churches for the sum of \$50,000, to be appropriated to the erection of additional College Buildings, and for other purposes needful for the full equipment of the College. In pursuance of the authority thus granted, the Board appointed Rev. F. G. STRAHAN their agent, who has been prosecuting his work vigorously and successfully during the past year.

ADMISSION.

Candidates for admission into any Department of the Institution are examined by the Faculty, and placed in the class which they are prepared to enter.

Candidates for admission into any particular class, must stand an examination on *all the course* previously pursued by the class. But students desiring to pursue some special branch of study, are permitted to enter any class for which they are found prepared, subject, however, to the direction of the Faculty in the amount of study required—which shall always be equal to that of regular students.

In all cases, the candidate is required to present satisfactory testimonials of his moral character and standing in the institution which he last attended.

RELIGIOUS INSTRUCTION AND DISCIPLINE.

The students are all required to attend, on Sabbath day, on the preaching of the President, unless their parents expressly desire that they shall attend one of the churches of the village. They have also an opportunity of attending a religious lecture from the President, once during each week. Religious services are held in the Chapel every morning before recitations commence, and also a Bible recitation on Sabbath morning, at which all the students are required to be present. The moral and religious culture of the

youth under their care, has been always regarded by the officers of the College as their most important object. Their aim is not to inculcate the peculiarities of any religious sect, but to fix in the minds and hearts of their pupils those great and controlling truths of revelation, which influence the happiness and shape the character of men for time and eternity; and while no parent of any other religious denomination has ever had his son proselyted here, many have rejoiced to find their sons return, at the close of their College course, deeply impressed with those religious principles which give strength and consolation to man in the duties and trials of life.

The College has been remarkable, for many years, for the moral and religious habits of its students, and for the rare occurrence of such disorders as are frequent in many Institutions. Periods of three and four years have passed, without the necessity of any exercise of discipline beyond admonition. And when, on rare occasions, the presence of boys of bad habits (formed elsewhere,) and ungovernable dispositions, has produced a temporary deterioration in the general character of the students, the prompt exercise of discipline, in dismissing the offenders, has ever, in the course of a single session, restored the accustomed orderliness and regularity which have so uniformly distinguished the pupils of this Institution. The causes of this happy exemption from the moral evils which are so prevalent in Colleges, and which occasion so much well grounded apprehension in the minds of parents acquainted with College life, are found partly in the steady and systematic efforts made for the moral improvement of the students; partly in the familiar intercourse of the instructors with their pupils, whom they endeavor to govern mainly by the laws of kindness; partly in the domestication of the students in families whose religious character influences, in a considerable degree, all their members; and partly in the large number of steady and pious young men, who have always resorted to the College. The class of society which patronizes the Institution, is a class whose children have been usually trained under moral and religious influences.

BOARDING AND EXPENSES.

One of the most striking, and, as it is fully believed, advantageous peculiarities of the College is, that the students, instead of lodging in the College buildings and boarding at a common table, lodge and board in private families. The number living together in one house, (usually from two to four,) is so small that they not only enjoy much more privacy and many more comforts than can be found in College Buildings and Refectories, but their morals and manners are better secured by their becoming incorporated with the families among whom they are thus distributed. The advantages of this system would recommend it to any reflecting parent, even if it involved greater expense than the unnatural system which places a youth in a

little community composed exclusively of those of his own age, thus separating him from familiar and daily intercourse with persons older than himself, and cutting him off from all the beneficial influences of family life. The cost of living is NOT, however, GREATER here than at Institutions in which the opposite system is adopted. The charges here for *board and lodging, including washing, fuel, lights, room rent, &c.*, vary from \$3 00 to \$3 50 in the town, and from \$2 50 to \$3 00 in the country.

The charges are \$30 00 per annum for tuition, and \$3 00 extra for fuel, servants' hire, repairs, &c. Payment of these charges must be made in advance. Those who enter two months after the session has commenced, are charged in proportion to the part of it that may then remain.

Young men pursuing their studies with a view to the ministry, and receiving aid from any society, receive gratuitous instruction. Any young man wishing to pursue his studies for the ministry, by furnishing satisfactory testimonials of his character and standing as to piety and talents, and of his indigence, can procure such aid as will enable him to go through his course.

EXAMINATIONS.

There are two public examinations of all the classes—one in the middle of the College year and another at the close—held before a Committee of the Synod, and conducted by each professor in his own department. These examinations are either oral or written, or both combined, and are designed to test thoroughly each student's knowledge of the studies of the session.

The final examination of the graduating class is held four weeks before the close of the session, in the presence of a Committee of the Synod.

LITERARY SOCIETIES—LIBRARIES.

There are three Literary Societies connected with the College. They occupy halls, large, commodious, and fitted up with taste and elegance. The Societies hold public exercises on the 22d of February, and on the Wednesday preceding Commencement each year. The number of volumes in their libraries amounts to about 3,500. The College Library contains over 2,000 volumes, among which is a number of rare and valuable works.

COMMENCEMENT—VACATIONS.

The session opens on the second Monday of September, and continues, with a recess during the Christmas Holidays, until the last Thursday of June, on which day the Annual Commencement is held.

LOCATION OF THE COLLEGE.

The College is located in Danville, in the centre of the State. There is daily connection by stage with Lebanon, twenty-eight miles distant, the terminus of the Lebanon branch of the Louisville and Nashville Railroad; and with Nicholasville, twenty-two miles distant, on the Kentucky Central Railroad. The town has been ever remarkable for its health, and for years past distinguished for the moral and religious character of its population. Parents can send their sons to no place where their morals and health would be more secure.

PREPARATORY SCHOOL.

The Board of Trustees, at their last meeting, determined to reorganize a Preparatory School, under the direct supervision of the Faculty. An effort will be made to maintain a School of high order, which can be cordially recommended to Parents or Guardians desiring to educate their children or wards at the College.

The course of instruction will be strictly adapted to the preparation of young men for the Freshman Class in Centre College.

Young men partially prepared for one of the College classes, but needing additional instruction in some special branch, can receive this in the Preparatory Department without additional charge.
